Winter Showcase

On Wednesday, January 16, PMHS students will be working with their Learning Studio groups to celebrate and present individual and/or group work from fall Learning Studios. Students will present in one of three presentation blocks to small groups, similar to the way we showcase work at our spring Exhibition Day. Students will have an opportunity to see what their peers have been working on throughout the past semester and to provide feedback. Additionally, students will have two content block offerings on January 16 to finalize course work and prepare for the second semester, which starts on January 28. For a complete schedule of activities on January 16, see the school website.

Breathe NH Vaping Presentation
