The proposal will decrease the community service hour requirement by 30 hours due to the pandemic. The Site Council passed this proposal with 80% majority.

A motion was made by Mr. Gauthier and seconded by Ms. Drouin to approve the proposal to decrease community service. Mr. Gauthier stated that he is not in favor of decreasing the requirement, but would be willing to make accommodations for students with underlying health conditions. Ms. Douglas stated that there are restrictions on what

Mr. Courtney provided accolades to Dalton Swenson for his student leadership of Site Council.

VIII. PES PRINCIPAL

C. Homeschool Numbers

According to Ms. Harvey, there are twenty students from PES being homeschooled by their families.

D. First Quarter Academics

E. Conference Participation

Ms. Harvey provided documentation of conference participation for the fall virtual teacher conferences. Ms. Douglas asked if the attendance at conferences was down because of the access they have to teachers during remote learning. Ms. Harvey answered in the affirmative and said that another reason was parents not returning messages teachers left to make appointments.

F. Red Status

According to Ms. Harvey, there are five PES students in the building during red status. Additionally, some students are allowed in for evaluations with the school psychologist.

G. December Outreach
Ms. Harvey reviewed the ways in which teachers reached out to their students in December, including drive through events, door-to-door delivery of materials, and gifting students with books. E. Red Status Details

Mr. Hamilton explained the movement from orange to red status beginning on January 4, 2021, with anticipation of pivoting back to orange on January 18, 2021. He explained the implications relative to staffing. According to Mr. Hamilton, the District Leadership Team (DLT) is recommending that the red status be maintained for an additional five weeks. Ms. Douglas expressed her concern about the extension of the red status given the circumstances. Ms. Drouin stated her concern regarding the wellness of students. Ms. Douglas asked Dr. Graziano to weigh in, which he did. Dr. Graziano acknowledged the difficult position the Board is in, but felt that for the safety of staff and students, red status is warranted. He suggested shortening the recommended time if that would make the Board feel more confident in making a decision. Ms. Douglas opened the floor for public comment.
Tracy Roode spoke in favor of moving back to orange status and provided an example of another community who has remained open for hybrid learning.

Ms. Harvey stated that staffing is the most challenging issue. When teachers and students have to move back and forth due to quarantines, it creates a tumultuous situation for students and families. For reasons of consistency and gaining momentum with the curriculum, she feels that the red status is, in the long run, better for students. Ms. Harvey opined that an anticipated spike after the holidays would occur around January 18, 2021, therefore extending the red status would be warranted.

Justin Clough stated that although the primary concern is academics, that peer interactions is also being disadvantaged. He made suggestions for how students may be provided opportunities for peer interactions, such as community service.

Tammy Beliveau expressed her concern for her son’s education when the school is in red status.

Kathy LeMay stated that the District Leadership Team (DLT) decided on the February date to make planning by families easier.

Ms. Douglas stated that she thought extending the red status until the end of February is too long. Ms. Asdot and Mr. Gauthier agreed. Ms. Asdot suggested extending the red status until February 8, 2021. The DLT will meet on February 3, 2021 and there will be a Board meeting on February 4, 2021. Ms. Douglas suggested the administration look at similar communities in the area to see how they are faring and sharing that information with DLT.

On a motion made by Ms Asdot and seconded by Mr. Gauthier, the Board approved staying in red status until February 8, 2021 and to revisit the decision at the February 4, 2021 Board meeting.

F. Athletics

Jay Darrah, athletic director, provided data based on responses from other schools on a survey relative to athletics. Approximately 90% of schools are allowing athletics to continue, providing protocols are used and precautions are taken. He stated that high school athletics are in stage two and middle school athletics are in stage one. They will not play any teams not wearing masks. Coaching staff are flexible so can make accommodations if a coach is quarantined. Ms. Asdot stated that she is concerned about the inconsistency between school and athletics, but understands the social-emotional impact of losing athletics. Ms. Douglas also is concerned about the social-emotional impact on students and feels that athletics, when executed with appropriate precautions, can bring some positivity to their lives. Ms. Drouin was undecided and Mr. Mitchell stated he was inclined to
allow the athletic program to try playing. Mr. Gauthier stated that he thinks the older students are having some peer contact with friends and in their jobs.

A motion was made by Mr. Gauthier to pause winter athletics. There was no second.

Mr. Mitchell stated that there are many schools allowing their students to participate in sports, which is why he is leaning toward being in favor of allowing it. Mr. Darrah said that the situation will be constantly monitored and changes will be made, when necessary. Mr. Darrah, when asked by Ms. Drouin, reviewed the procedures that are being used to keep students safe. These procedures are all consistent with Center for Disease Control and Prevention (CDC) and New Hampshire Interscholastic Athletics Association (NHIAA) recommendations.

On a motion made by Ms. Douglas with a second by Mr. Mitchell, the Board approved keeping sports open with Ms. Douglas, Ms. Asdot, Ms. Drouin, and Mr. Mitchell voting in the affirmative and Mr. Gauthier voting in opposition of the motion.

Dr. Graziano distributed proposed warrant articles for the Board’s consideration. Mr. Gauthier asked how much is in the capital improvement fund, to which Dr. Graziano responded approximately $200,000.

The Board reviewed the articles and provided Dr. Graziano feedback. He will revise the proposal and bring it back to the Board at the next meeting.

D. 2021-2022 School District Calendar

Dr. Graziano distributed a draft of the 2021-2022 for the Board’s consideration. Mr. Gauthier suggested that the two voting days be made remote learning days to allow the Town to use the school for voting, without disrupting student learning. Ms. Harvey and Mr. Hamilton reminded the Board that this would be dependent on students having one-to-one devices and that the remote learning platforms are funded. Dr. Graziano will continue to work on the calendar and will meet with the Education Association of Pittsfield (EAP).
